Comments Regarding Pricing Strategy		
<p>Sales considered had a sale date within the last 12 months. Used sales over 3 months old due to the lack of more recent sales from the subject's immediate area. To stay in closer proximity need to exceed condition, bath count, GLA up to 25%, Age, garage/carport count and lot size. Subject is located near busy street, worship places, RR track, park, school and commercial buildings. Due to limited comparable from same location, it was necessary to use comparables from across the RR track. However, this won't affect the market value. In delivering final valuation, most weight has been placed on CS3 and LC2, as they are most similar to subject condition and overall structure. Subject attributes are from Tax record.</p>
