Comments Regarding Pricing Strategy		
<p>Within 1 mile, 20% GLA +/-, Year built 20 +/- and 12 months back, there were limited comparables available in the subject neighborhood. Therefore it was necessary to exceed the style, closed date, bed/bath count, year built, lot size guidelines and proximity up to 1.80 miles. In order to use proximate comparable, it was necessary to use comparable having variance in condition. Most of the similar comparable in the subject neighborhood is renovated or having updates, Due to limited availability of similar conditions comparable, I was forced to use compared with some minor upgrades. Sale #2 and Sale #3 exceeds 6 months on date of sale but used due to stable market conditions. Due to the limited availability of recently sold comps within 1 mile proximity, it was necessary to use comps that exceeds 120 days pending date. Subject is located near commercial building and busy major roadways. This will not affect the market ability of the subject. Also since there were limited comps in the same side of the subject it was necessary for me to cross highways to get enough comps. This will not affect the market ability of the subject. In delivering final valuation, most weight has been placed on CS2 and LC1 as they are most similar to subject condition and overall structure.</p>		

Clear Capital Quality Assurance Comments Addendum
