Comments Regarding Pricing Strategy		
<p>Sales considered had a sale date within the last 6 months. To stay in closer proximity need to exceed bed/bath count and garage/carport count. Since there were limited comparables available within subject's market neighborhood, it was necessary to use comps with wider price range. The value and marketability will not be affected with the subject being located near highway, busy street, worship place, school, RR track and commercial buildings. Comparables used in this report are from same location and neighborhood. In delivering final valuation, most weight has been placed on CS2 and LC2, as they are most similar to subject condition and overall structure. Subject attributes are from Tax record.</p>
