Comments Regarding Pricing Strategy

Subject is a 2family home with 1546 Sq.ft. Since there were limited comparable available within subject's market neighborhood, it was necessary to use a sold comparable with a sale date beyond 3 months from the date of this report. Due to limited comparables, need to exceed proximity up to 1.7 miles, sold date up to 12 months, bed/bath count, lot size guidelines. To stay in closer proximity need to use good condition comparable. Subject is located near busy road, highway, school, park, water bodies, railroad and commercial amenities. Due to limited comparable from same location, it was necessary to use comparables from across the busy road. However, this wont affect the market value. The comparables selected were considered to be the best available. In delivering final valuation, most weight has been placed on CS1 and LC1 as they are most similar to subject condition and overall structure. Subject details are taken from tax record. Subject and comparables garage count is verified using MLS.
