Comments Regarding Pricing Strategy				

Focused search on same Subdivision where possible, GLA and room count. There are really no "average" condition homes due to resale and return of investment. The Subject could very well be in good condition, but without an interior, cannot fully determine. With adjustments and the most bracketed, utilizing S3 for final value and L1 for bracketed listing price.

### Clear Capital Quality Assurance Comments Addendum

Reviewer's Commentary and docs uploaded to this report were provided explaining why client thresholds had to be exceeded in the Marketing Strategy of the report in terms of a search criteria that would support the value conclusion. Adjustments appear to be adequate and weighted in the appropriate direction. In conclusion, the report states why the comps utilized in the report reflect a proximate value supported with a value conclusion reviewed by multiple sources of data, public and private, for example, the search criteria included all characteristics for the subject were expanded by 30% greater and less than with respect to similar property type, external influence, proximity, market increase or decrease, reo saturation, similar property type with respect to construction style, condition, GLA, lot size, age, and the majority of market data within .50 mile from subject property for Average condition going back 12 months with proximity being the factor of value. Current report is in line with the closest sold comp and best reflects the majority of data within 1m of property for Average Sale price conclusion for Average condition with respect to fair market value.

### Addendum: Report Purpose

#### Market Approach and Market Time

The Market Approach of this report, as established by the customer, is: **Fair Market Price**. (See definition below.) The Marketing Time as specified by the customer is **Typical**. (See definition below.)

Definitions:

by ClearCapital

Fair Market Price A price at which the property would sell between a willing buyer and a willing seller neither being

compelled by undue pressure and both having reasonable knowledge of relevant facts.

Distressed Price A price at which the property would sell between a willing buyer and a seller acting under duress.

Marketing Time The amount of time the property is exposed to a pool of prospective buyers before going into contract.

The customer either specifies the number of days, requests a marketing time that is typical to the

subject's market area and/or requests an abbreviated marketing time.

Typical for Local Market The estimated time required to adequately expose the subject property to the market resulting in a

contract of sale.

Form Help:

There are blue question marks (?) throughout this form. These are designed to offer guidance for that particular section of the form. Please click on them for help.

Comparable Requirements:

- 1. Please use fair market comps from the same neighborhood, block or subdivision whenever possible.
- 2. Please only use REO comparables if the market is driven by REOs and they are comparable in characteristics and condition.
- 3. Please use comps that have closed in the past 3 months to show the current market conditions or comment in the report if this is not possible. In rapidly changing markets, active listing comps should be given equal or greater weight than sold comps in your analysis. Standard Instructions:
- 1. Clear Capital Code Of Conduct Please make sure that you are always abiding by the Clear Capital Code of Conduct when completing valuation reports.
- 2. If the subject is currently listed, please consider all available information pertaining to the subject's condition. This information should be utilized when developing the assumption of the subject's condition.
- 3. Use the subject characteristics provided in the report Grid (if preloaded) to evaluate the property. This information is from a full interior appraisal and is assumed to be most accurate. If your inspection reveals obvious inaccuracies, please explain in the narrative of the report.
