Comments Regarding Pricing Strategy		
<p>Value based on comp data found from the MLS, I used comparables within the same market. Based on the current comps and market the subject should sell in the indicated range as based on competitive sales and listings. After a thorough search in the MLS for comps of similar size and property type, I had to extend over a 1 mile radius in this area due to a lack of comparables found that were similar and reasonable substitutes for subject property. House number was not available at time of inspection, I verified this was the correct home by parcel map search and mapping subject's parcel location on the street using tax records</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect
Notes the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
