#### **Comments Regarding Pricing Strategy**

There are limited comparable listings/sales in subject's direct market area. GLA, year built variances were extended slightly to prevent extending proximity into excessively higher or lower median value neighborhoods. Even after relaxing typical variances over 30% it was still necessary to extend back over 6 months to locate at least 1 superior comparable sale. Sales 2 and 3 were given the most consideration due to having the most combined similar value defining features. Typical market time for subjects direct market is under 90 DOM. Within 0.50 miles of the subject a total of 4 comparable listings were located. Of these listings, all are fair market. Considerations for all value defining features and appreciation were taken while determining opinion value.
