Search was expanded to 3 mile radius of subject, due to limited inventory on the market. GLA was most heavily weighed in choosing comps. All comparable are in the same general market area as subject and were given equal consideration.		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** Commentary and docs uploaded to this report were provided explaining why client thresholds had to be exceeded in the Marketing Strategy of the report in terms of a search criteria that would support the value conclusion. Adjustments appear to be adequate and weighted in the appropriate direction. In conclusion, the report states why the comps utilized in the report reflect a proximate value supported with a value conclusion reviewed by multiple sources of data, public and private, for example, the search criteria included all characteristics for the subject were expanded by 30% greater and less than with respect to similar property type, external influence, proximity, market increase or decrease, reo saturation, similar property type with respect to construction style, condition, GLA, lot size, age, and the majority of market data within .50 mile from subject property for Average condition going back 12 months with proximity being the factor of value. Current report is in line with the closest sold comp and best reflects the majority of data within 1m of property for Average Sale price conclusion for Average condition with respect to fair market value.
