Comments Regarding Pricing Strategy		
<p>The subject property is a Townhome with condo ownership, which is in overall good condition on the exterior. In addition, the subject's attached MLS Listing indicates that the subject is in good condition with remodeling. Therefore, all comps used in this report are in good condition. The distance searched for similar comps was 3 Miles and the time searched was 12 Months time. Listing comps were searched for beyond 1 mile as there is a lack of similar property type listings in closer proximity. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. The GLA Tolerance searched for comps was +/- 20% of the subject's GLA. Market conditions and property values are improving within this area due to very strong demand and limited inventory of homes for sale. The subject's price is bracketed within the range of comp values, with the most weight placed on Sale 1. Comps within the subject's market area support a price which is lower than the subject's current list price. The subject appears to be vacant.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
