Neighborhood Comments

The subject is competing with distress comps, average condition homes and renovated homes in the area. The subject's neighborhood is located near schools, commerce, and roads leading to highway access. The subject's area has similar homes in equal communities with supporting values. The neighborhood consists of homes with different style, parking, and construction. Style/design does not impact values. Values may vary based on location, construction, condition, SqFt, parking and amenities. We have been seeing an extended Days On Market due to buyers not obtaining financing. This may be due to buyers having a reduction in work hours due to Covid-19 and that causing a difference in their debt to income ratios and that impacts their loan qualifications. The local highway connects nearby cities. The highway does not impact the subject's value and marketability. Homes on all sides of the highway are similar in value.

Comments Regarding Pricing Strategy		
<p>My method used to confirm the property's actual physical condition was to inspect the subject while obtaining photos. The subject should be able to sell within the average Days On Market for similar comps in the area. I went back 6 months in sales date and out in distance 1 mile. The comparables selected for this report are the best possible currently available comps within 1 mile and the adjustments are sufficient for this area to account for the differences in the subject and the comps.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
