Comments Regarding Pricing Strategy		
<p>This is a Broker's Price Opinion (BPO) and was prepared by a licensed Real Estate Agent. It is not an Appraisal. This opinion cannot be used for the purpose of obtaining financing. Notwithstanding any preprinted language to the contrary, this is not an Appraisal of the market value of the property. If an Appraisal is desired, the services of a licensed or certified Appraiser must be obtained. This opinion may not be used by any party as the primary basis to determine the value of a parcel of or interest in real property for a mortgage loan origination, including first and second mortgages, refinances, or equity lines of credit. The search was conducted within 1 mile for comparable within +/- 20 % GLA, +/- 20 years and 6 months back. To locate enough comparable, it was necessary to exceed bed count. The subject is located within few blocks to RR track. Due to limited comparable from same location, it was necessary to use comparable across RR track. However, this will not impact subject market value. In delivering final valuation, most weight has been placed on CS1 and LC1, as they are most similar to subject condition and overall structure. Subject attributes are from Tax record.</p>
