Comments Regarding Pricing Strategy		
<p>S2 and L2 were given the most weight as they both share the most similar characteristics to the subject. The properties used are the best possible currently available comps within 0.99 miles. Recommended market timing of 90-120 days to reach the highest sale price for this property. Sale comp with sale date over 6 months was used in order to obtain comps. Due to limited comparable within subject's immediate area it was necessary to use comps vary in lot size, GLA, condition, style and year built. Any/all variations in the comps were taken into consideration when determining this price and it reflects my complete analysis.</p>		

Clear Capital Quality Assurance Comments Addendum
