Comments Regarding Pricing Strategy		
<p>Current market conditions are hot. It is very common for sellers to invest in cosmetic repairs and or updates prior to listing to receive the highest price. An additional search was completed to locate properties that were reported in average condition or needing minor cosmetic repairs. Some comps were located 2-3 miles away and would have resulted in a different value. ***The subject recent sales price of 217k is one of the lowest in the neighborhood for the last 12 months. The property is located within 2 miles of most commerce, recreation and transportation. Values have been increasing with fair market sales comprising the majority of closed transactions. Sold comp 1 gives a good indication of value, this property is most similar in gla and age and it is also a recent sale. Recommend listing as-is with an aggressive market plan to help the property compete with other homes in the area.</p>		

Clear Capital Quality Assurance Comments Addendum
