Comments Regarding Pricing Strategy

The subject property is a single family home, which is in overall average condition on the exterior. The distance searched for similar comps was 1 Mile and the time searched was 6 Months time. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. The GLA Tolerance searched for comps was +/- 20% of the subject's GLA. The subject is in average condition and emphasis was placed on using comps which were also in average condition. The subject's market area has many rehabbed/remodeled homes in this market area, and they were excluded from the initial comp search.. Market conditions and property values are improving within this area. The subject's price has been bracketed within the range of comp values used in this report. PUD Community: The subject was confirmed to be located in a PUD Community, as the subject's Deed of Trust includes a PUD Rider, and the subject community has an HOA.
