<b>Comments Regarding Pricing Strategy</b>		
<p>Subject property should be priced near mid range of competing listings due to oversupply of listings, but very low days on market time. It is most like Sale #1 which sold for adjusted sales price of \$247,800. It was under contract in 2 days on market. Subject property would be expected to sell near high range of adjusted recently closed directly competing properties with 90 days on market. This property last sold 10/28/2020 for \$249,500 which would be within fair market range.</p>
