Comments Regarding Pricing Strategy		
<p>Subject property should be priced near mid high range of competing listings due to shortage of directly competing properties in this area. This property is most like Sale #2 which sold for adjusted sales price of \$253,000 and was under contract in 13 days on market. Subject property would be expected to sell slightly above this price point with 90 days on market. This property was sold as MLS sale (probate) property for \$205,501, and was under contract the same day listed. Valuation assumes 90 days on market and typical marketing procedures.</p>
