<b>Comments Regarding Pricing Strategy</b>		
<p>The subject property is a single family home, which is in overall average condition on the exterior. The distance searched for similar comps was 1 Mile and the time searched was 6 Months time. It was necessary to search beyond 3 months time for sold comps as there were limited recent similar sales in this area. The GLA Tolerance searched for comps was +/- 20% of the subject's GLA. The subject is in average condition and emphasis was placed on using comps which were also in average condition. However, the market area has many rehabbed/remodeled homes in this market area, and they were excluded from the initial comp search. It was necessary to use two superior condition comps due to the limited similar comps in this area. Market conditions and property values are improving within this area. The subject property did not appear to have any major negative site influences. The subject's price has been bracketed within the range of comp values with the most weight placed on Sale 1 due to its similarities to the subject.</p>		

### Clear Capital Quality Assurance Comments Addendum
