<b>Comments Regarding Pricing Strategy</b>		
I went back 6 months, out in distance 1 mile and was able to find comps which fit the bpo requirements. The comps used are the best possible currently available comps within 1 mile and the adjustments are sufficient for this area to account for the differences in the subject and comps.		

### Clear Capital Quality Assurance Comments Addendum

<b>Reviewer's Notes</b>	Subject condition is the cause of the variance. Prior report evaluated the subject in average condition, but online sources show the subject has been updated and this report reflects that. The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
