<b>Comments Regarding Pricing Strategy</b>		
<p>Subject's details taken from tax record. Property is active for \$215000. When I searched a distance up to 1 mile, gla +/- 20% sqft, lot size 30% +/- sq ft, age 20% +/- yrs and up to 12 months in time there were limited comparable available in the subject neighborhood. It was necessary to search up to 5 miles. Limited comparables in the subject area make it necessary to use comparables with variance in sub style, bed/bath count, basement type and 30% lot size. It was necessary to use a sold comparable with a superior in condition due to limited market activity in the subject's area. Since there were limited comparable available within subject's market neighborhood, it was necessary to use a sold comparable with a sale date beyond 6 months from the date of this report. The comps ranges widely (over 25%) in sale/list price as there are few comps that meet the client guidelines. Property is close to worship place, cemetery, water body, park and highway. Due to lack of comparable in the subject's same side it was necessary to exceed highway. But the location feature not affects the marketability of the property. In delivering final valuation, most weight has been placed on CS3 and LC3 as they are most similar to subject condition. As per tax, subject is occupied and owner name is Nationstar Mortgage LLC. No clear subject pictures available since the subject is behind lot of bushes.</p>
