Comments Regarding Pricing Strategy		
<p>The area presented one comparable active listing within a 1 mile radius even after expanding the search criteria as follows: SqFt Total is 2000 to 2500 and Yr Built is 1977 to 1991. As a result, it was necessary to expand the search radius beyond one mile in order to return the needed number of comparable active listings. Values have been adjusted as appropriate based on differences in condition, square footage, bed and bathroom count and location. The value conclusion is based on a carefully weighted solution between both the sold and active listings. Due to the fact that most of the listing's days on the market on average are above what's typical for this area, the final price will reflect a less aggressive value. The final valuation is for a fair market price set to encourage a typical marketing period for this area.</p>
