<b>Comments Regarding Pricing Strategy</b>		
<p>Subject property should be priced near mid high range of competing listings due to short supply of directly competing homes in this area and high demand for pool properties. This home is most like Sale #2 which sold for adjusted sales price of \$427,500. It was under contract in 5 days on market. Subject property would be expected to sell slightly above this price point with 90 days on market. This property sold as non MLS transaction 11/02/2021 for \$325,996. It sold below fair market value as supported by recently closed directly competing sales and currently listed competing homes.</p>
