Comments Regarding Pricing Strategy		
<p>To find similar comparable it was necessary to exceed the proximity criteria upto 1 miles and also exceeded lot size, GLA and bed/bath criteria. The comps used in this report support the market value of the subject. The subject is located close to commercials and busy street but this will not affect the value of the subject as the comps used in the report also have similar location factor. In delivering final valuation, most weight has been placed on CS2 and LC1 as they are most similar to subject condition and overall structure. Market values remained stable during the last 12 months within the subject's market area.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
