Comments Regarding Pricing Strategy

There's a shortage of comparables with similar living space within immediate area so expansion of search distance, age, GLA and/or lot size is necessary. Since subject requires no repair, listing it as-is will save the pre-marketing time and limit total amount of capital invested.

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The market change supports the variance. The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
