Comments Regarding Pricing Strategy		
<p>Subject property should be priced near mid range of competing listings due to balanced supply of directly competing properties in this area. This property is most like Sale #2, which sold for adjusted sales price of \$266,000. It was under contract in 5 days on market. Valuation for subject property assumes 90 days on market. NOTE subject property was previously listed for sale for \$249,000 and sold for \$243,000 with 1 day on market. It appears to have been priced for very quick property as supported by recently closed sales and currently listed directly competing properties.</p>
