<b>Comments Regarding Pricing Strategy</b>		
<p>Subject property should be priced near mid high range of competing listings due to shortage of directly competing properties and high demand for pool properties in this area. It is most like Sale #3 which sold for adjusted sale price of \$264,800. It was under contract the same day listed. Subject property would be expected to sell somewhat above this price3 point with 90 days on market. This property sold for \$266,000 01/25/2021 with 2 days on market. It appears to be priced below fair market value as supported by currently listed competing comps and recently closed sales.</p>		

### Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
