Comments Regarding Pricing Strategy		
<p>Subject property should be listed near mid high range of competing listings due to short age of directly competing listings and low days on market time. It would be expected to sell near high range of adjusted recently closed sales with 90 days on market. Subject property recently closed as cash sale for \$237,000, no concessions. Sale is the lowest priced transaction within the past 12 months in this neighborhood. It was subject to probate court approval which would be expected to have a negative impacting on marketability, particularly for first time buyers.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
