Listing 3 Represents an active good condition comp at the upper end of this neighborhood. The subject would compete below this.

Reasons for Adjustments Why the comparable sale is superior or inferior to the subject.

- Sold 1** It is inferior because of having a smaller GLA. Overall, similar in design and appeal and has comparable views. Also farthest in proximity to the subject compared to other comps used. Adjustments: \$315 due to sq ft, -\$2879 due to the lot, -\$400 due to age, -\$1500 due to room count, -\$5000 due to updates.
- Sold 2** Shows the best support from my value conclusion. Overall, it has the most comparable characteristics and most importantly the most similar location/view which is one of the biggest factors with the subject. Adjustments: \$2700 due to sq ft, -\$578 due to the lot, \$800 due to age, -\$4500 due to room count, -\$5000 due to updates.
- Sold 3** It also has the same view as the subject, but its larger GLA, having a larger room count, and having updates makes this superior to the subject. Therefore my value conclusion most aligns with Sale 2. Adjustments: -\$4845 due to sq ft, \$390 due to the lot, -\$1000 due to age, -\$7500 due to room count, -\$20,000 due to updates.

Comments Regarding Pricing Strategy		
<p>Please note, the neighbor directly across the street from the subject was used for address verification. Note: Commercial and light Industrial Influences, freeway, open spaces, and busy roads in the immediate vicinity of the subject will not negatively influence the marketability and value of the property. The lack of available comps in the immediate neighborhood of the subject made it necessary to expand the search to use comps with larger lots. Chronological age and site-size differences do not have a significant effect on value. The search was extended back 15 months, out in distance 1 mile, and even with relaxing 35% GLA search criteria I was unable to find many comps that fit within 20% GLA requirements and similar style and appeal. Within 1 mile and back 15 months, I found 7 comps of which I could only use 6 due to condition or site- size factors. The comps used are the best possible currently available comps within 1 mile and the adjustments are sufficient for this area to account for the differences in the subject and comps. Upon review of all the pertinent information, an opinion of the as-is market value of \$161,000 is adequately supported with emphasis placed on List No. 2 and Sale No. 2. Based upon an exterior inspection, from the street, the subject property has no observable adverse condition noted that would cause a safety or health risk/concern at the time of inspection. Therefore no resale issues are foreseen.</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
