Comments Regarding Pricing Strategy		
The values were determined by weighting the sold comparables using the following weights: S1: 50%, S2: 30% & S3: 20%. The active listings were not weighted in the determination of the subject's fair market value. There is an under-supply of comparables listings in the local market. As a result, the broker had to expand on some guidelines to find sufficient comps for this report.
