The value as of today is \$ 403,000. The typical marketing time is 120 days. Comps chosen were more appropriate than closer comps available and were adjusted for in regards to any discrepancies to subject. The sales Comparison Approach was used. This approach uses the values indicated by recent sales and listings of comparable properties in the marketplace as guidelines for determining a fair market value of the subject property. Sold Comps 2 and List comps 2 are gives more weight to my estimated value due to GLA and similar market area
