Comments Regarding Pricing Strategy		
<p>The subject property is a 1463 square feet Single family home that was built in 1958 , containing 3 bedrooms and 2 bathrooms. The exterior inspection revealed that the subject has been adequately maintained and considered to be on average marketable condition. I have searched a distance up to 1 mile, GLA +/-20%, year built +/- 20 and up to 6 months back. To get enough comparables, it was necessary to exceed bed/bath count lot size. Subject is located near highway, park, worship places, schools, water bodies and commercial areas. Comparables are also from the same location and support subject value and marketability. In delivering the final valuation, the most weight has been placed on CS2 and LC2 as they are most similar to the subject condition and overall structure</p>		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
