Comments Regarding Pricing Strategy				

Age, GLA, and Distance search was relaxed to locate comparable due to the lack of inventory. Comparables selected in this report are considered to be the best available and most proximate comps in the area. The subject remains strongly bracketed by these comps and results in an accurate evaluation. Search for comparable market sales and listings was focused on the home's immediate market area, providing comps that reside within direct competition to the subject. All comps offered feature an interior size that remains within 20% of the home's interior size, and offer a maturity that remains within +/-23 years of the subject in age. Comp selection was focused on providing FMV transactions, while also offering recent market sales.
