Comments Regarding Pricing Strategy		
Subject property should be priced near mid high range of competing listings due to shortage of competing properties and high demand for pool properties. This property is most like Sale #3 which sold for adjusted sales price of \$385,000. It was under contract in 17 days on market. Subject property would be expected to sell slightly above this price point with 90 days on market. This property is currently listed for \$399,900 which appears to be within fair market range.
