## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported. The current valuation is coming in higher than them most recent duplicate. Online sources show the subject is in above average condition. In addition, the market has increased in the area significantly. The sold comps in the report, are more reflective of the subject's condition.
