<b>Comments Regarding Pricing Strategy</b>		
<p>I researched sold and list comps in a 10 mile radius and tried to bracket GLA age and lot size. All comps chosen have the similar locational influences and would be considered to be within subjects comparative market area. Most likely buyer would be owner occupied. Due to lack of inventory in market area, I had to expand search to 10 miles exceeding distance guideline. Comps that hold the most weight in BPO report are sold comp 1 and list comp 1 being closest in location condition GLA and lot size. Due to lack of similar comps I was unable to bracket subject property lot size with sold comps. Due to age of subject and comps, some updates should be expected as maintenance. Comps chosen are the most mid range average comps available in subject's neighborhood. Data taken from MLS, tax records, Calif. Association of Realtors.</p>		

### Clear Capital Quality Assurance Comments Addendum
