<b>Comments Regarding Pricing Strategy</b>		
The subject property is located in a market that is seeing an increase in property values. There is a very limited number of listings available and the demand is high. It's hard to see the address on the photo as the numbers appear to be faded, but in person I could verify the address was correct.		

## Clear Capital Quality Assurance Comments Addendum

**Reviewer's Notes** The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
