Marketing Strategy

	As Is Price	Repaired Price
Suggested List Price	\$292,000	\$292,000
Sales Price	\$289,000	\$289,000
30 Day Price	\$285,000	--
Comments Regarding Pricing Strategy		
Subject property should be priced near mid high range of competing listings due to short supply of directly competing listings and low days on market time. It is most like Sale #1 which sold for adjusted sales price of \$285,200. It was under contract the same day price was reduced. Subject property would be expected to sell near high range of adjusted comps with 90 days on market.		

Clear Capital Quality Assurance Comments Addendum

Reviewer's Notes The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.

Addendum: Report Purpose

Market Approach and Market Time

The Market Approach of this report, as established by the customer, is: **Fair Market Price**. (See definition below.)

The Marketing Time as specified by the customer is **Typical**. (See definition below.)

Definitions:

Fair Market Price	A price at which the property would sell between a willing buyer and a willing seller neither being compelled by undue pressure and both having reasonable knowledge of relevant facts.
Distressed Price	A price at which the property would sell between a willing buyer and a seller acting under duress.
Marketing Time	The amount of time the property is exposed to a pool of prospective buyers before going into contract. The customer either specifies the number of days, requests a marketing time that is typical to the subject's market area and/or requests an abbreviated marketing time.
Typical for Local Market	The estimated time required to adequately expose the subject property to the market resulting in a contract of sale.
