<b>Comments Regarding Pricing Strategy</b>		
<p>The subject is located in an established neighborhood with homes in average to good condition. The value of the subject was derived by trying to stay within the range of the listed and sold in the area, and holding more weight to those comps that were most similar overall. I had to broaden the proximity to 1 mile, lot size, GLA, style, age, bathroom count and bedroom count to locate a similar comp in the same market area that competes with the subject. The comps i have chosen are the best and closest comps and more weighted to determine the price of subject.</p>
