Listing Comments Why the comparable listing is superior or inferior to the subject.

- Listing 1 Regular resale in same market area. Older age but has had some updating done-newer flooring, remodeled kitchen & bath features, fixtures, appliances, etc. Fenced back yard, circle drive & other exterior concrete work. Some trees, shrubs. Rear covered patio. Inground pool/spa-similar value as subject extra garage. In escrow after only 13 DOM, probably at higher than list price.
- Listing 2 Regular resale in same market area. Older age but does have some updated features-not a current remodel. Smaller SF, similar exterior style, features, room count. Fenced lot, many trees, bushes. Covered patio. Very large detached workshop/garage. In escrow after only 7 DOM, almost certainly at higher than list price, multiple offers received.

Comments Regarding Pricing Strategy

Search very expanded to include this whole large market area in order to find best comps & to try & bracket subject features. Every effort made to find/use comps with as close proximity as possible. In this case search was expanded up to 2 miles to find best comps. Subject is located at the very eastern edge of the large market area. Some of the comps have lot size variance of more than 20% but all of the comps have lot sizes considered typical for the area & appropriate adjustments made. The market is currently as strong as has ever been seen in this area, along with resale values as high or higher than those seen in 2006. Also available inventory is at its lowest level ever. Most new listings are being priced higher than the most recent closed sales & are receiving multiple offers, selling over LP, in many cases with no concessions paid. There are some appraisal issues being experienced because of this currently but they are generally being worked out. A value at the higher end of the value range is well supported currently.
