Comments Regarding Pricing Strategy		
<p>Subject property should be priced near mid high range of competing listings due to nearly balanced supply of listings, but low days on market time. Subject property would be expected to sell near high range of adjusted recently closed sales with 90 days on market. This home is currently listed for sale for \$332,900 and under contract as tenant occupied property which would be expected to limit potential buyers in a strongly FHA/VA dominated market.</p>
