<b>Comments Regarding Pricing Strategy</b>		
<p>Subject's final value represents a value with normal marketing time and based on the most similar and proximate comps in this report. I have searched a distance up to 1 mile, gla +/- 20% sqft, lot size 30% +/- sqft, age 10% +/- yrs and up to 12 months in time. There were limited comparable available. Therefore i was forced to exceed year built, gla, lot size, proximity and bed/ bath count. "This is a Broker's Price Opinion (BPO) and was prepared by a licensed Real Estate Agent. It is not an Appraisal. This opinion cannot be used for the purpose of obtaining financing. Notwithstanding any preprinted language to the contrary, this is not an Appraisal of the market value of the property. If an Appraisal is desired, the services of a licensed or certified Appraiser must be obtained. This opinion may not be used by any party as the primary basis to determine the value of a parcel of or interest in real property for a mortgage loan origination, including first and second mortgages, refinances, or equity lines of credit." Since there were limited comparable available within subject's market neighborhood, it was necessary to use comps with wider price range.</p>
