#### Comments Regarding Pricing Strategy

Subject is located close to a high traffic roadway and power lines. This may have a negative effect on marketability. It was necessary to expand beyond AGE and Wide Comp Value Range guidelines due to limited comps in the area. Please note that I was forced to use good condition comps due to proximity. Also, subject neighborhood is an investor neighborhood where most comps have been renovated/updated. I gave most weight to CL1 and CS2 which is similar to subject in overall appeal and condition. The Anticipated Value (ASV) given should allow subject to get under contract within 90 days. Final value conclusion given is based on Fair market value.
