<b>Comments Regarding Pricing Strategy</b>		
Subject property should be priced near mid high range of competing listings due to balanced supply of competing listings but low days on market time. It is most like Sale #2 which sold for \$316,000. This sale is somewhat aged (9 months) and was under contract in 39 days on market. Subject property would be expected to sell near high range of adjusted recently closed sales with 90 days on market.
