Comments Regarding Pricing S	Strategy				

The subject's suggested value is based heavily on the sold comps, and special weight was given to S3, due to being the most comparable comp in the report. S1, is an outlier, despite being superior to the subject, it sold for a low price. S2, is one of the best factors on value, when adjusted for the differences.

Clear Capital Quality Assurance Comments Addendum

Reviewer's The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect Notes the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.
