Comments Regarding Pricing Strategy

Subject is located close to a high traffic roadway, powerlines, commercial property and this may have a negative affect on marketability. Subject is located close to water but this has no positive affect towards marketability. Please note that I was forced to use good condition comps due to proximity. I gave most weight to CL1 and CS1 which is similar to subject in overall appeal and condition. The Anticipated Value (ASV) given should allow subject to get under contract within 90 days. Final value conclusion given is based on Fair market value.
