Comments Regarding Pricing Strategy		
<p>The subject is an SFR-type in average condition. I have searched within 6 months, +/- 20% GLA, +/- 10 years, proximity up to 1 mile. Due to limited comparables, I have exceeded the sale date to 12 months, style, condition, bed bath count, lot size guidelines. Due to limited active comparables, I have exceeded the bed count. It was necessary to use comparables with superior in condition due to limited market activity in the subject's area. The subject is located near a residential area, school, park, worship, water bodies, and commercial area. However, it will not affect the subject market value. Comparables used in this report are from the same location and neighborhood. The value has been estimated based upon the best available comparable in the same condition as the Subject. CS1 and LC3 are the best comparables. The subject details are taken from the tax record.</p>		

Clear Capital Quality Assurance Comments Addendum
