Comments Regarding Pricing Strategy

Our pricing suggestion came about from analyzing the most current comps which are located as close to subject as possible and are as close as feasible in square footage, rooms, style and acreage with subject property. I have searched a distance up to 1 mile, GLA +/-20% sqft, lot size 30% +/- sq ft, age 20% +/- yrs and up to 12 months in time. There were only limited comparables available with similar in style, lot size and year built as that of the subject. Therefore, I was forced to exceed proximity up to 1 miles, lot size and bed bath count guidelines. It was also necessary to use comparables with wider in price range. I have used what was available and the comparables selected were considered to be the best available. Subject's final value represents a value with normal marketing time and based on the most similar and proximate comps in this report. Due to limited comparables it is necessary to include those comp list 2 that may exceed the distance as they are still considered to be reliable comparables. Due to limited comparables it is necessary to include those comp list 1 that may exceed the view as they are still considered to be reliable comparables.
