#### **Comments Regarding Pricing Strategy**

Absence of adequate comp numbers within subject neighborhood. Particular shortage of workabel listing comps in and around subject area. Search parameters expanded to outside subject neighborhood in an effort to locate workable comps: Property Type: Residential; Include Property Subtype: Single Family Residence; Area/District: Southeast/Central Yuba City; Status: Active, Contingent - Show, Contingent - No Show, Pending, Pending Bring Backup, Closed (4/10/2021 or after); Living Area: 675 to 1375 (also includes 0 values); Year Built: 1950 year(s) to 1975 year(s). Some features unable to be bracketed due to stated absence of available and workable comps. Similar properties from nearby neighborhoods considered as comps. Adjustments applied as necessary for dissimilar features and remodeled condition, as indicated in mls remarks. Wide range of pricing due to extreme seller's market. Current market prices continue to increase at a slowed rate. Properties continue to sell over asking price with multiple offers within days of marketing. Fair market value is dictated solely by buyers competing in a shortage market.
