Comments Regarding Pricing Strategy		
<p>SFR with 3 beds and 2 baths. The exterior inspection revealed that the subject has been adequately maintained and considered to be in average condition. Proximity parameters were expanded up to 1.8 miles as there was only very limited comparable available within 1 mile, +/-30% GLA, +/-40% year built, +/-30% lot size, and 12 months back. Property is located near parks, schools, commercial centers, and worship centers. It was necessary to exceed the threshold for lot size variance guideline of 15%, GLA variance guideline of 20%, bed and bath count, to use the best available comparable from within the subject's market. Subject/Comparable garage count is as per MLS/Pictures. Comparable property condition was identified using both MLS comments and interior pictures. The utilized comps are as similar in GLA, Style, and Age as possible. The area is primarily residential. The subject is most similar to Sales comp 2 and Listing comp 1 and is weighted toward these for a potential sales/listing price as they are most similar to the subject out of the comps selected.</p>		

Clear Capital Quality Assurance Comments Addendum
