<b>Comments Regarding Pricing Strategy</b>		
<p>Property value of the subject was assessed based upon the values of comparable properties in the area, as well as their condition, and comparison to the subject. All comparables fit subject property dimensions. Subject's value was also based on GLA, year built, lot size and condition. Lot sizes in the area vary having a minimal effect on values. Lot Sizes of comparables bracket that of subject property. Ages of comps used are typical for the make up of the subject neighborhood and bracket subjects current age. Distance extended beyond 1 mile in order to find comps similar in GLA and condition.</p>
