| Comments Regarding Pricing Strategy | | |
| <p>All of the comparable listings in this area have either gone through recent updates or a complete remodel. Locating comparable active listings was not possible even after expanding the search criteria as follows: SqFt Total is 1900 to 2500 and Yr Built is 1950 or less. This has created a wider than typical range in pricing. Values have been adjusted as appropriate based on differences in condition or amenities. The value conclusion is based on a careful weighting of both the sold and active listings with greatest weight placed on those listings closest in condition. The sold comparable listings moved off the market below what is typical for this area which allowed the final pricing for the subject to be set aggressively to encourage the desired marketing period for a fair market value as requested in this report.</p> | | |
